D.O. No. F.221 / SO (II) / D (Lands) / 2017

23 March, 2018.

Dear

This is with reference to maintaining and compilation of data on land holding encroachments etc. for Services and Defence Organizations by DGDE.

2. As you are aware DGDE has advisory and executive functions in matters relating to management of defence lands and civic administration in 62 cantonments. The function of DGDE relating to management of defence lands interalia includes providing advisory inputs on land matters to the Ministry of Defence, Service Headquarters and other defence organizations, maintaining of defence land records, compilation of data on land holding, encroachment etc. for Services and defence organizations.
3. It has been observed that whenever the services-wise, entity-wise updated data on various aspect of defence land such as land holding, encroachment, removal of encroachment etc. is required by the Ministry in connection with Parliament Questions, Court case etc., the data has not been readily available with DGDE.
4. DGDE, in this connection, has stated that different categories of land at different places are under the direct control and custody of the Services and defence establishments who are responsible for its management. It is essential that concerned Service Headquarters and other defence establishments provide periodic reports relating to encroachments and removal thereof so that the consolidated position is available centrally with DGDE.
5. In view of above, may I request you to issue necessary directions in the matter so that data on encroachment is provided to DGDE in the formats enclosed as at Annexure - A, B, C, D & E. This information needs to be updated and sent to Defence Estate Officers by Local Military Authorities / concerned designated officer every six months as on 30th June and 31st December.

Yours sincerely,

Encl: As above.
